TUNNEL INTENDED TO DRAIN A MANHATTAN MINE CUTS ORE VEIN

Special to the Bonanza

MANHATTAN, Oct. 8.—The Joker tunnel, which is being driven from the level of the gulch on the north-east side of Big Four hill, for the purpose of furnishing an outlet for the water from the Big Four mine, has revealed a large deposit of ore that promises to figure extensively in the future of the camp. It has been developed in a lease operated in the tunnel by J. W. Coop.

Mr. Coop has good ore in two places and in both the quantity is extensive. One is in a raise which is all in ore and its width and extent are unknown. One wall of the ledge has been pursued there for some distance, but how far the ore goes into the hanging is left for the future to determine. He has a five-foot ledge in a drift, in which place he has opened it sufficiently to know its width.

In one place the ore is breaking about \$16 and the other tests indicate that it will run close to \$30. It is different from that of the Big Four ledge proper, in that it contains a great deal of hard quartz in addition to the spar and other characteristics common to all ore at that end of the camp.

The tunnel is being driven under contract by W. S. Thatcher and H. E. Marsh. When they started work it was in about 715 feet. They have advanced it 160 feet, which brings the distance in the hill to 875 and there is 125 feet more to go, or 1000 in all.

It will not intersect the shaft at the 500-foot level by any means, nor probably lower than the 290. Water from below—which is all the water in the mine—will be hoisted by pumping to the tunnel level and carried out to the gulch by gravity.

Reaching there it will cut a great figure in the camp in several ways. It will furnish a greatly increased head for sluicing purposes from the very upper limit of where placer pay

is found in Manhattan gulch, making larger operations feasible, as well as to stimulate irrigation and garden raising on the many fertile acres for several miles below town.

AMERICAN RIFLEMEN

RETAIN THE TROPHY

Riflemen representing the United States shot against a Canadian team at Ottawa, September 14, and were successful in retaining for this country the Palma trophy, the coveted prize of the rifle shooting world. The Yankee shooters claim that no Palma match has been harder contested, the Canadian team scoring 1712x1500 against the winner's 1720x1500—losing by only eight points. The scores of both teams broke all previous world's records. Since the establishment of the Palma trophy in 1876 the championship has been held by Canada, Great Britain and the United States.

PRISON BOARD WILL INVESTIGATE RECENT ESCAPE

MANY RUMORS AFLOAT AT CARSON CONCERNING GET-AWAY OF MURDERER SKINNER

It was reported on the streets last evening that an investigation of prison affairs and the recent escape of Skinner from the prison will be held before the Board of Prison Directors, says the Carson News. The matter was started by Secretary of State Brodigan who has heard of rumors which he desires sifted to the bottom. It is understood that a number of guards and officials of the prison have been instructed to be present Monday morning and give their testimony.

Attorney General Baker is on the coast at present and will probably not be present during the investigation, leaving Governor Oddie and Secretary of State Brodigan to be the only members of the board present.

The fact that Skinner escaped from the condemned cell within the prison grounds and was not missed for a number of hours has caused state wide comment and many pertinent questions have been asked now an escape of this kind could be managed. The people of the state will read with interest the testimony adduced.

SPLENDID TIME IS PROMISED FOR MONDAY NIGHT

LADIES OF THE SANCTUARY SOCIETY TO GIVE DANCE AT NEVADA THEATER

The Sanctuary society has arranged for a dance to be given at the Nevada theater Monday night. The proceeds will be used in purchasing several articles of furnishings for the church. A committee has been hard at work for the last week making the necessary arrangements and the plans already outlined insure the dance lovers of Tonopah spending an enjoyable evening.

This will be the first dance to be given by the ladies of the Sanctuary society for some time and is being looked forward to by the devotees of the terpsichorean art.
